WHITE WINGS WIN FOUR STRAIGHT

Ben Hunt, Salt Lake's New
Southpaw, Proves to Be
Second Jimmy Wiggs.

Utah State League.

Salt Lake	9	4	.693
Murray	6	10	.375

Port Douglas (dead)	3	6	.333

Manager Lumley's White Wings captured their fourth consecutive victory at Murray yesterday afternoon by defeating the strong team of that city to the tune of 7 to 4. It was a great game—greater than the score would indicate and the enthusiastic crowd of rooters who witnessed it received their money's worth.

There was only one bright, shining feature of the game and that was the pitching of Lumley's new southpaw, Ben Hunt. The lanky easterner twirled one of the most remarkable games ever seen on a Murray diamond, and is the talk of the little smelter town today. This big seven-footer had so much spunk and so many curves that the Murray batters looked like novices before his delivery, and, but for a little ragged support at times, he would have shut out his opponents in a walk.

Speaking of Jimmy Wiggs, etc., it's his boy is a dead ringer. During the nine innings in which he performed, Hunt struck out just thirteen of the Murray batters and allowed but four hits, and in the final inning he came in with a timely hit that helped his teammates to victory.

Pearson was on the firing line for Murray and pitched a good game at times, but was touched up rather lively at opportune moments, and when hits meant runs. Salt Lake, after holding the short end of the score for seven innings, took advantage of an eleven-hour batting rally and batted out enough runs to win the game. Murray's men went to pieces and assisted in the run-getting, of course, but hits were also forthcoming when they were needed.

Salt Lake opened up and scored one run in the first inning on some clever

PARK CITY IS WILLING

Summit County Fans Think They
Can Trim Eureka Ball
Team.

(Special to The Herald.)

Park City, Aug. 1.—The Park City baseball fans are very much worked up over the article appearing in one of the Salt Lake dailies the other morning from the correspondent of Eureka, which stated that the Commercial ball team from that camp could again turn the trick of a week ago, when the local team was defeated by the Tintic crowd, and are anxious to meet the Commercial team here and prove to them that Park City still has a baseball team capable of winning from Eureka.

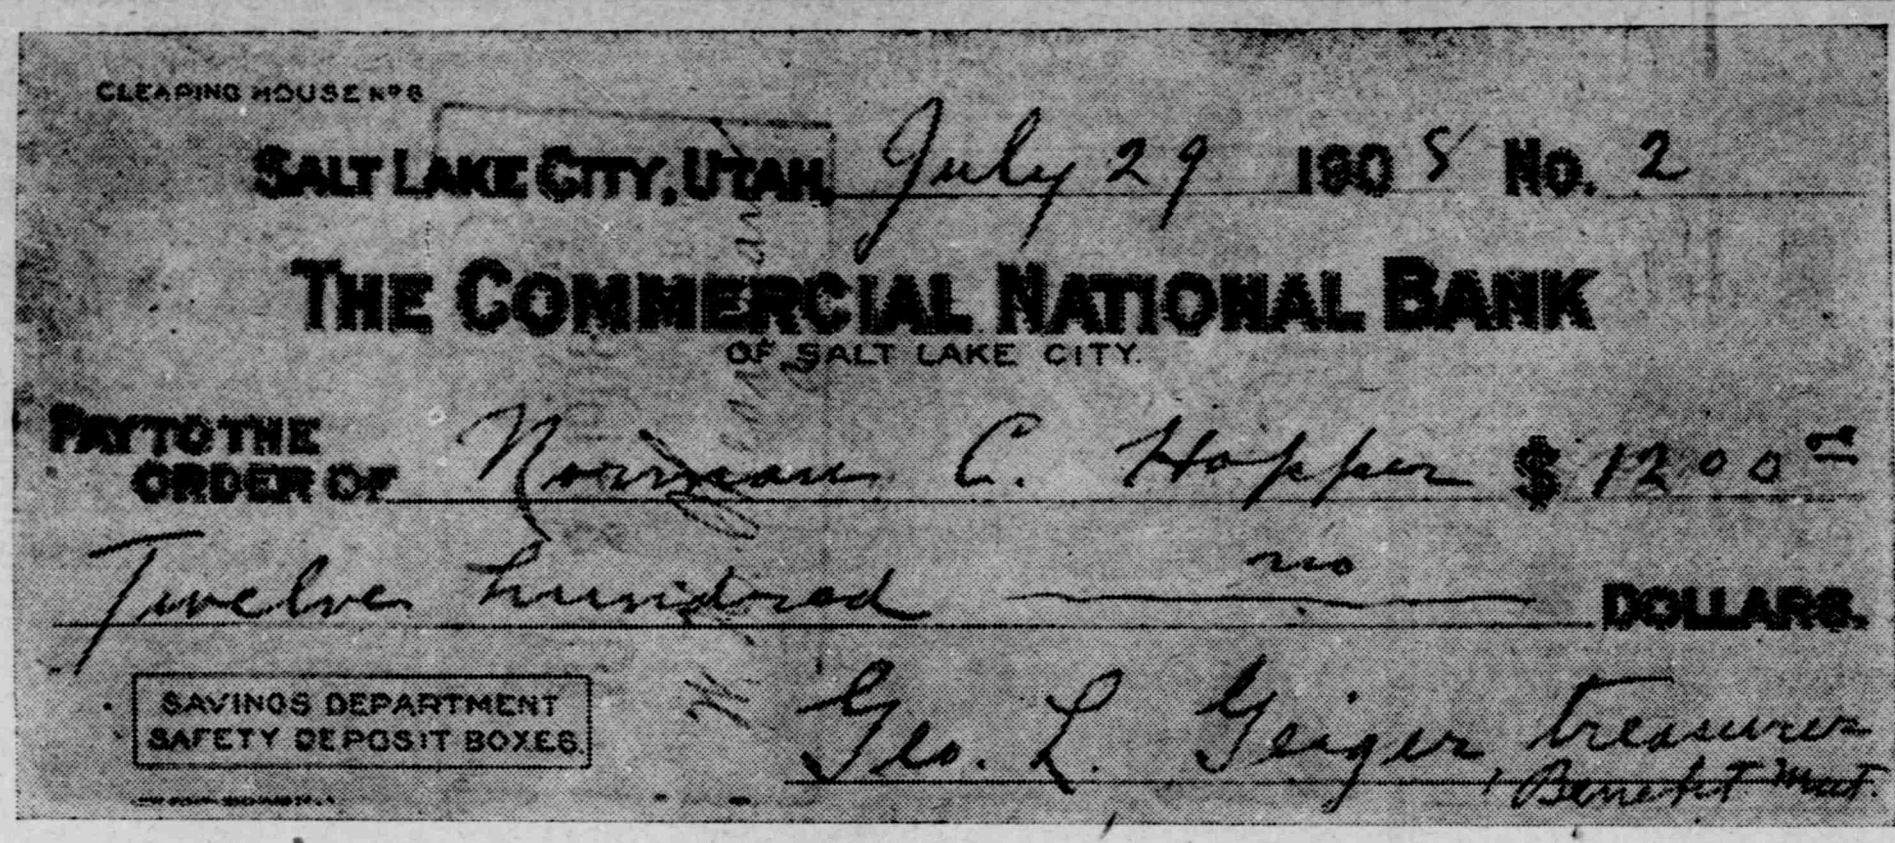

There has always been a great rivalry existing between the two great mining camps in relation to the relative strength of their baseball teams and the local fans as in years gone by, have the money to back their team. A meeting of the baseball enthusiasts was held a few evenings ago, at which time it was decided to strengthen a few of the weak spots on the Park City line-up and the support of a majority of the business men was promised the manager of the Summit county team.

Manager Ames is desirous of having the Eureka game played here in the near future and giving the local fans a chance to see a real good game of ball.

Regular practicing will be done from now on by big George Ames' crowd and arrangements will be made to try and have the Occidental team from Salt Lake play here some time before the end of the season.

THE CHECK THAT MADE HOPPER HAPPY

The above is a reproduction of the check presented to Norman C. Hopper, the popular bicycle rider, by the committee in charge of the benefit meet this week. Hopper is now at his home on East Ninth South, being removed from the hospital on Friday. He will probably be on his back in bed for another month, by which time he should be able to sit up in a chair, but it will be some months before he will be able to work. Hopper yesterday gave out the following statement for publication:

To Managers, Managements and Attaches of the Salt Palace and other Tracks, to Riders, Newspaper Men and all Other Individuals, Organizations, and to the General Public—We wish to express our gratitude for the kindness shown us by our countless friends, for they were so many they are countless. Words are weak for what we would say defies words. What we are here is far from being satisfactory to us; we wish we could meet each and every big hearted soul of the hundreds who helped to make the meet such a great success. We would like to shake each good person's hand, for then they would realize that we are deeply thankful—we really are. The money tendered us is substantial proof of the big heartedness of our friends and that it is going to serve welcome purposes is unnecessary to explain. There is something as big and great—it is the goodness shown by everyone, for it seems everyone must have had a hand.

"We are grateful, grateful beyond words, as we said, we are simply unable to tell how grateful we are for the thousand and one kindnesses shown us."
